RE: Public Notice of Hearing on the Rate Application of Goodman Water Company -- Docket No. W-02500A-06-0281

To Whom It May Concern:

On Saturday November 25, 2006 upon return from a Thanksgiving Vacation I received a letter announcing a Public hearing on January 24, 2007. Also in the letter was a date of November 22, 2007 for letter of intervention. I assume this is an error since the deadline for letters of intervention is after the hearing. At any rate I am sending this letter as soon as I was notified to protest the rate rise as proposed by Goodman water

There is no rational reason for raising water rates 168% when the existing rate structure has been adequate for over three years. The financial statements of the Goodman Water Company should be made available for review. Homeowners in Eagle Crest Ranch (in fact all homeowners) have no choices in choosing public utilities, they are monopolies. Hence, that is why there are regulatory commissions to protect the public. If this rate increase is allowed, the commission will in fact have failed in its responsibilities. Most of the residents of Eagle Crest Ranch are either retired on a fixed income or

young couples with children who cannot afford this massive increase. This rate increase will put many of them in financial trouble.

Unless the commission can provide the residents of Eagle Crest Ranch an alternative choice in water supply, this rate increase should be denied.

As stipulated in the notice, I request that further information regarding this proceeding be sent to me.
